VINYL LINERS

YOUR POOL OUR PASSION

Each & every Hipel Pool liner is hand measured & customized to fit your specific pool using computer aided design. Our expertise in vinyl pool liners is crafted to meet the needs of each individual pool while providing a direct and personalized service to each of our customers. Combining our service capabilities with top quality materials makes Hipel your pool contractor of choice.

Our vinyl liners are crafted from the highest quality materials, engineered to withstand the unique climate of Ontario. Designed for exceptional resistance to UV rays, chemicals, and everyday wear and tear, a Hipel Pools liner promises years of vibrant colour and pristine performance.

From a vibrant family playground, a chic backyard retreat, or a natural oasis – we have a liner that will truly make your pool yours. It's about finding that perfect look that makes you smile every time you step outside.

OUR PROCESS

POOL LINER INSTALLATION

MEASURING

Prior to ordering your pool liner your pool is hand measured, to achieve the best fitting liner possible. A computer aided design is generated

PATTERN SELECTION

Pick a liner pattern that suits your pool and your family. Using this brochure you can select a pattern that best compliments your taste.

MANUFACTURING

Once the liner measurements and pattern selection have been confirmed the liner moves to manufacturer typically taking between 2-3 weeks to complete.

PREPARATION

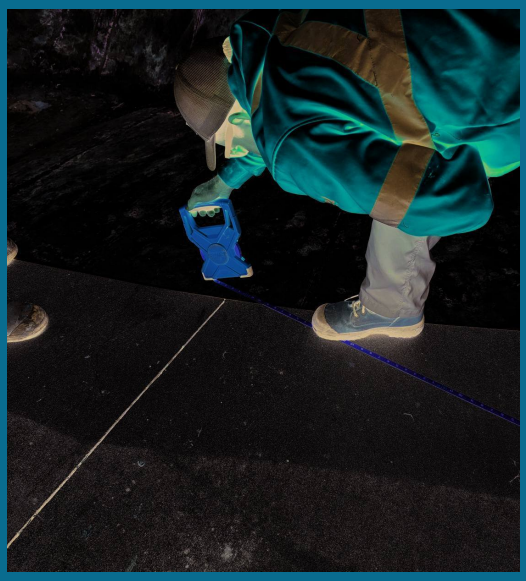

Once your old liner has been removed your pool is prepared for the new liner. We correct heavy corrosion, floor cracks, replace old faceplates & remove debris from the pool bottom.

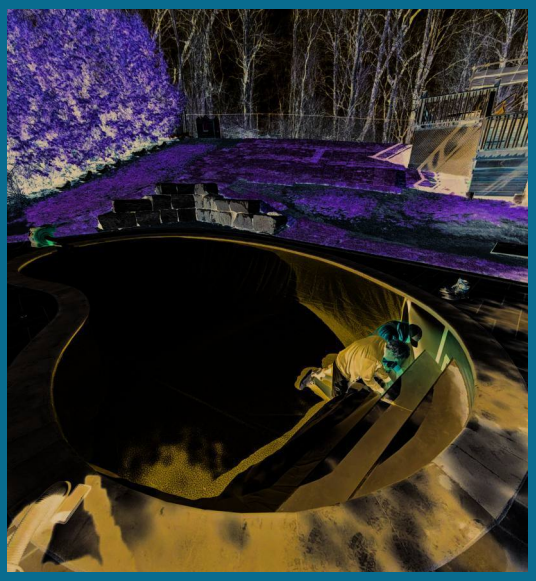

INSTALLATION

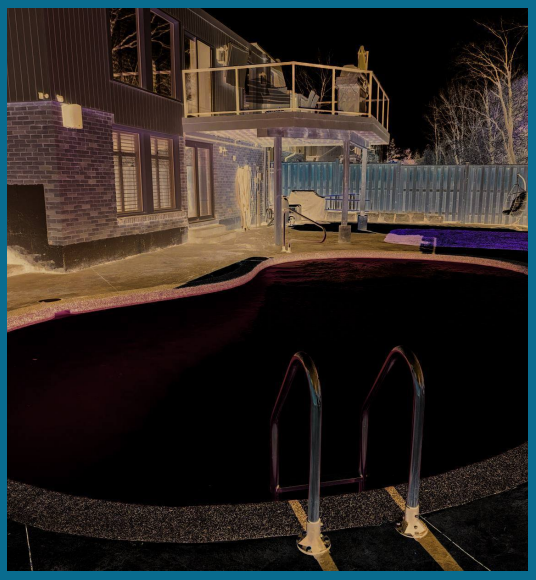

Once the pool has been prepared, the liner is installed a liner vacuum is used to achieve the perfect fit while the pool is filled with water by either water truck or garden hose.

SWIM READY

Once your pooled is full of water you're free to start up your pool, balance your water chemistry and enjoy your summer.

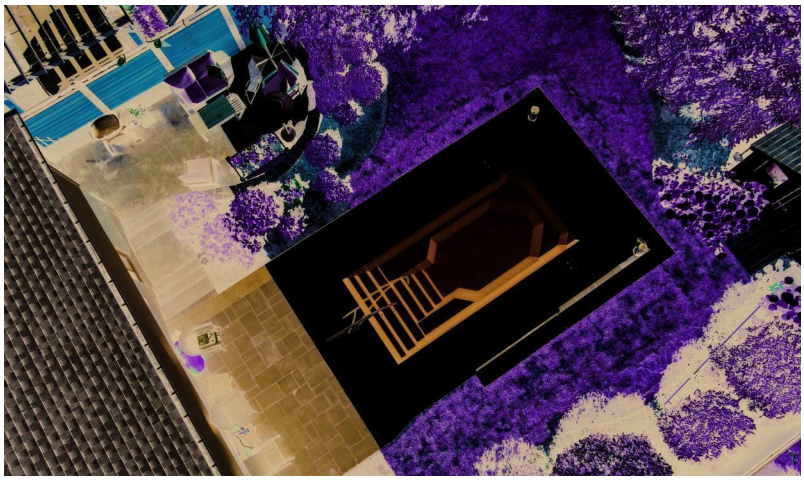

ABOUT US

YOUR POOL OUR PASSION

Quality and dependability are the cornerstones of any successful project, and when it comes to creating the perfect backyard oasis, these elements become even more crucial. An in-ground pool is not just a luxury; it is a dream come true for many homeowners, At Hipel Pools, we understand the significance of this investment and are committed to being your trusted pool partners for years to come.

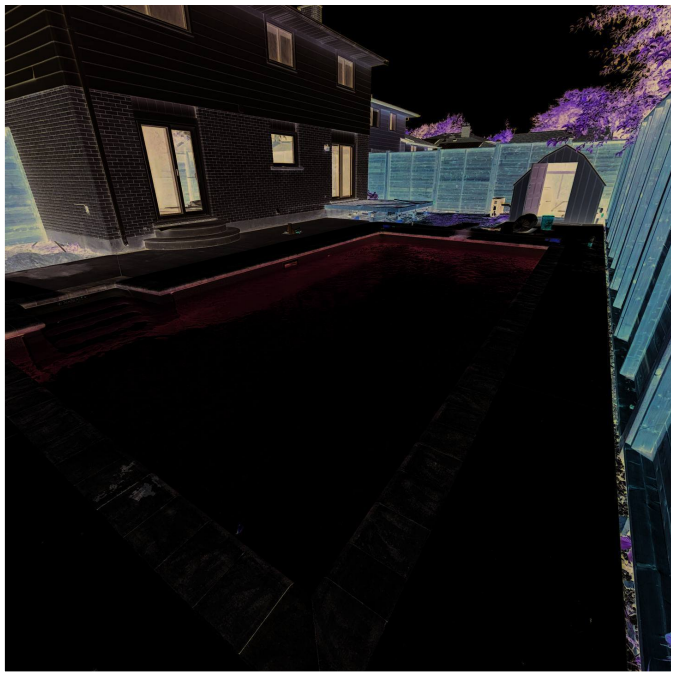

A swimming pool is so much more than just a pool! It's a place where kids can splash, play and be kids! A place where you can relax and self-soothe after a stressful day, a place where you can spend a romantic evening with your spouse and a place where you can entertain friends by the pool on a scorching summer day while grilling burgers and enjoying some time with those that matter. Our passion for pools stems from their ability to bring immense value through family, friendship, peace, exercise and beauty all in your own backyard.

LINER BRANDS

IT ALL STARTS WITH A QUALITY LINER

We offer liners from three leading manufacturers, renowned for innovation, durability, and sustainability. Our range includes various designs to suit you and your pool. Our partners use advanced technologies and sustainable practices, ensuring exceptional performance and responsible manufacturing.

latham

1

Latham pool liners are known for their durability, vibrant patterns, and precision fit, giving pools a polished and long-lasting finish.

MEGNA POOLS

2

Megna pool liners are crafted with premium vinyl to deliver durability, strength, and a snug fit that keeps pools looking their best.

Findlay Vinyl

3

Findlay Vinyl Liners are built with high-quality materials to provide a reliable, watertight seal and a comfortable swimming surface.

WATER COLOUR BY PATTERN

PICK YOUR LINER BASED ON WATER COLOUR

When choosing a vinyl liner, keep in mind it will impact the colour of your pool water. Light liners create a bright, tropical look, while darker tones give a deeper, lagoon-like feel. Even subtle pattern and shade differences can dramatically change your pool's overall appearance.

Light Blue

LINER THICKNESS

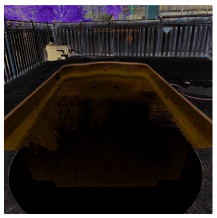

27 MIL STANDARD

Inground vinyl pool liners have a standard thickness of 27 Mils sometimes referred to as 30 GA. This thickness varies slightly depending on the specific vinyl pattern.

With the right pool care, your vinyl liner can last for many years, by preventing damage from chemicals, sun, and debris. Regular maintenance and balanced water chemistry go a long way in protecting your liner's beauty and durability.

ORDER PROCESS

LET'S GET THINGS STARTED!

1

GET IN TOUCH

Reach out to us by requesting a quote and providing details about your pool.

2

QUOTING

We'll provide you a customized quote for your specific pool.

3

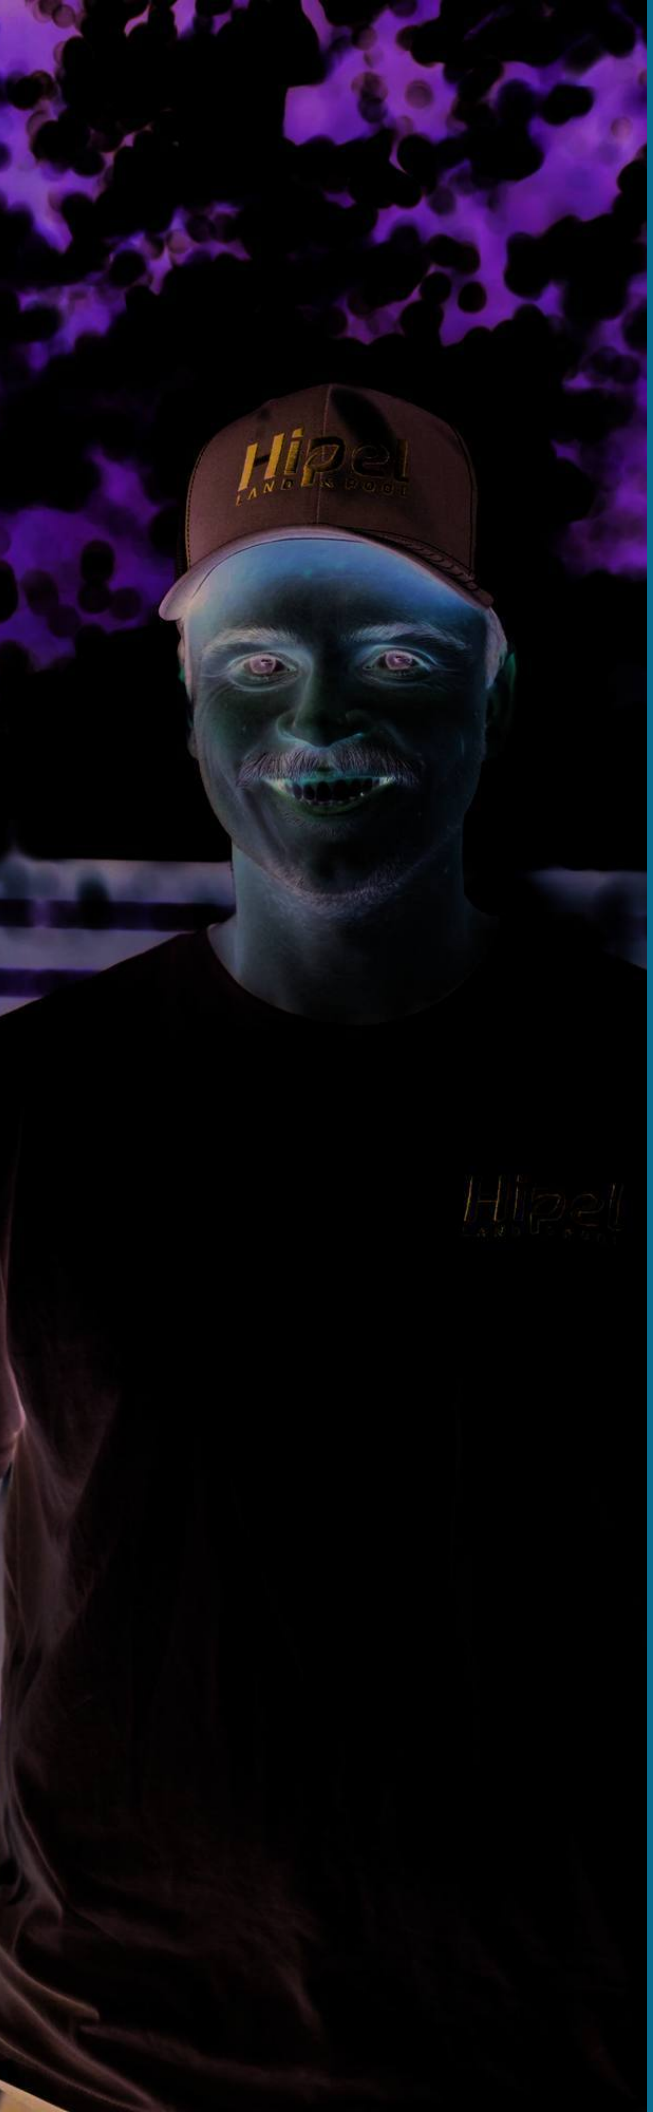

MEASURING

Once you approve your quote and pay a deposit our liner experts will measure your pool for the new liner.

4

INSTALLATION

After your liner has been made we will schedule the installation of your new pool liner.
